5. BUSINESS

5.1 Key Elements of Policy

Ms. Delaney reviewed the key elements of the policy as part of her presentation.

- Clear alignment between decision making and engagement objectives
- Transparent and timely information sharing
- Inclusive and meaningful engagement process
- Clear communication on how stakeholder engagement is reflected in decision making (and if not why)
- Measuring and evaluating the engagement process

Next steps are to provide an executive summary, draft the policy, and once approved create a framework to support the policy.

5.2 Closing the Engagement Loop

Delaney and Associates will create an executive summary (with a link to the complete document) that will be provided to the community on what we heard, and advise that we are working on a draft policy, and request feedback from the public on the draft policy once drafted. The draft policy will come back to the Public Engagement Committee after public has reviewed, and then be provided to Council during the summer of 2021.
