Subject Our Health Our Community Survey: MNC Suggested Questions Submission

PURPOSE

To provide Council with the submitted suggested survey questions, pursuant to Committee of the Whole direction issued on January 10, 2023.

BACKGROUND

On January 10, 2023, the Committee of the Whole provided the following direction to staff:

"THAT the Committee of the Whole direct staff to receive input from Council regarding potential questions for the Our Health, Our Community Survey, and that staff work with Island Health and Our Cowichan Communities Health Network for inclusion in the survey."

DISCUSSION

Attached to this report are the suggested questions submitted on behalf of North Cowichan for consideration by the survey proponents. These questions were developed with reference to Council's Committee of the Whole discussions and sections of the Official Community Plan relevant to community health and well-being. They were reviewed with the proponents prior to submission to ensure they are all within scope, although inclusion remains entirely at the proponents' discretion, along with any edits or changes. Once finalized, the survey launch will be announced in the spring. Staff will keep Council informed as necessary.

RECOMMENDATION

This report is for Council's information only.
