To Whom It May Concern:

Please consider this *Letter of Rationale* in addition to the *Development Application*.

The purpose of this application is to propose the placement of a mobile home on the property of 5421 Winchester Road, Duncan, BC, V9L 6G1, to accommodate affordable housing for our son. Due to the current housing crisis, finding available and affordable housing accommodations is increasingly difficult. This plan would provide our son with housing stability.

Sincerely,
Lindsey and Doug Scott
