

Report

Date	April 21, 2010	File:	5400-01
To	Public Works Committee		
From	John P. MacKay, Director of Engineering and Operations	Endorsed by	
Subject	No Heavy Truck Routes - Confirmation of Routes		

Issue

"No Heavy Truck Routes" have been established within the Municipality to discourage truck traffic on Municipal roads which are attempting to avoid the scales.

Background

These "No Heavy Truck Routes" have been in place for a number of years. Modifications to the "No Heavy Truck Routes" are proposed, as shown on the attached plan, to reflect changes to the Trans Canada Highway at Somenos Road and to designate portions of Lane Road, Auchinachie Road and Somenos Road as "No Heavy Truck Routes".

Recommendation

That Council authorize the "No Heavy Truck Routes", as shown on the plan prepared by the Engineering Department dated March 30, 2010.
