

To whom it may concern,

The BC Bike Race is asking for an amendment to TUP00028. The reason we are needing TUP00028 amended is that when we initially planned for the 3 years of the TUP, we had a general idea of our event dates and locations, but not exact. After each year after we finish the current event is when we determine the route, changes we make, whether we add new communities and thus that has shifted our dates for 2024 to July 2-4. For 2025 our event dates will be June 29 – July 6th but we don't know the exact dates we will be in Cowichan and having the flexibility would be great.

The BC Bike Race is a 7 day stage race that will be in the town of Crofton in 2024 from July 2 – 4, 2024. For 2025 the event dates are Junr 29-July 6th. The event is bringing 600 riders from around the world to experience the best mountain bike racing that BC has to offer. As a part of the journey, the racers need accomodations in various formats from camping to Van life. To help accommodate this, we are looking for permission to allow for the following:

- Crofton Ball field – Allow for camping tents to be set up on the field for the duration of our stay. Onsite, we will have the following to service the event and anyone staying onsite:
 - Tents setup in an organised fashion (See attached photo for example of past setups)
 - Washroom & shower trucks
 - Optional meal plan for campers at a meal hall & reccomendations of in town options for racers eat at. No cooking onsite is allowed.
- 1658 Robert Street – Allow for overnight vehicle parking for the duration of our stay. This would include a limited number of Van's, Sprinters & vehicles with Roof top tents to park and participants to be allowed to sleep overnight in those vehicles. We are looking to allow this to help alleviate the number of vehicles that will be parking at will throughout the town. The same services for the particiaptns will be as the racers:
 - Vehicles setup in an organised fashion
 - Washroom & shower trucks onsite
 - Optional meal plan for campers at a meal hall & reccomendations of in town options for racers eat at. No cooking onsite is allowed.

We are excited to have Crofton as one of our 3 host basecamps for this year and hopefully for many more years to come when our event is on the island.

Thank you,

The BC Bike Race Team

Photos of past tent setups for reference.
