

# Support of the Crofton Child Care Centre

Started by [Chemainus Community Schools Association](#)

A petition is currently circulating to oppose the construction of the Crofton Day Care Centre. To ensure that our voices are heard, and the project moves forward, I kindly ask for your support in signing the petition in favor of the build.

We will be presenting this petition at the District of North Cowichan Council Meeting on Wednesday, December 4, 2024, and your participation is vital in advocating for this important community project. Please note, we are not requesting donations, and there is an option to bypass the donation section when signing.

Thank you in advance for your support—it truly makes a difference!
