Please provide some information about the purpose of your presentation, including an executive summary (if you need more space, you can upload a file below)

The purpose of this presentation is to present some of the key findings from the Cowichan Youth Services Gap Analysis research, which was completed in late 2024. This presentation will focus on areas where North Cowichan has influence and opportunity to create lasting change, to both address the current challenges facing youth, and to assist with upstream interventions to prevent younger people, as they mature into youth, from experiencing the same challenges and crises of today's youth.

What is the specific action (Resolution) being requested of Council or the Committee:

1. That North Cowichan view every decision through the lens of children and youth, in terms of whether that decision will make North Cowichan a better place for children and youth to be; and
2. That North Cowichan use its influence to enhance community safety, and provide youth friendly spaces, both indoor and outdoor.
