Subject: Golf cart licensing for Chemainus

[Some people who received this message don't often get email from FIPPA s. 22(1) . Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

Dear NC council members.

Thank you for taking time to review and respond to my query re golf cart usage on city roads in Chemainus.

Several other smaller retirement towns in BC have amended their regulations on allowing electric golf cart usage on city roads . Considering our climate change situation, pollution from use of non renewable resources, petrol, electric golf carts would offer a more Environmentally friendly and economical mode of transport in a small town scenario like Chemainus.

How would we procede to apply for a similar change of the by law in Chemainus?

Certainly not all golf carts would qualify, road, vehicle and passenger safety would be paramount.

Thank you for your assistance.

Best Regards
Charlie
